Whole-House Duct Mount HEPA Air Cleaner

- **STANDARD 5 YEAR PARTS LIMITED WARRANTY**
- **When installed and registered with a complete Maytag system, this product carries a 12 Year All Parts Warranty.**
- **Product registration (by consumer or dealer) required for 12-year Warranty within a limited period of time after the installation. See current warranty document for details. This can be viewed at www.maytagvac.com or ask your sales representative.**

The Maytag Whole Home Duct Mount HEPA Air Cleaner offers the homeowner the ultimate in IAQ comfort. This 3-stage filtration system is unmatched by any competitor. The first stage is a high efficient MERV 11 prefilter, which removes lint and larger particles before they enter the HEPA filter. Stage two is an activated carbon prefilter, which removes odors to extend the life of the HEPA filter. The third stage is the long-life, 99.97% HEPA media filter which removes particles down to 0.3 micron and becomes more efficient as the filter loads with dirt over time. The Duct Mount HEPA system delivers 320 CFM of pure air, without adding static pressure to the HVAC System. The unit can be duct mounted, collar mounted or used freestanding. The Maytag Whole Home Duct Mount HEPA carries a system warranty if sold with a matched Maytag system.

Standard Features

- 3 Stage filtration system.
- 99.97% efficient down to 0.3 micron and larger on the first pass of air and it becomes more efficient with continuous use.
- Duct or collar mounted, or free-standing installation.
- Delivers 320 CFM of pure air.
- One piece wrap, powder coated steel cabinet for rigid installation and durability.
- Plug-in power cord.
