Increase your savings & value

Experience energy savings like never before with the **ecobee Smart Thermostat Lite | Works with EcoNet® Technology**¹. The thermostat allows you to monitor and adjust your energy usage via the ecobee app while also receiving time-based maintenance reminders and alerts if ecobee senses a system operation issue. Made for simplicity and built to last, the ecobee Smart Thermostat Lite | Works with EcoNet Technology is straightforward to use and easy to control from anywhere.

Save big

Save up to 23%—that's \$250²—on heating & cooling costs per year

ENERGY STAR® certified

Get top-of-the-line energy savings with the ecobee Smart Thermostat Lite | Works with EcoNet Technology; ecobee has been named ENERGY STAR Partner of the Year for four years in a row since 2020

Adjust for savings & comfort

Customize your routine and optimize comfort through schedule and comfort settings at home or away

Control anytime, anywhere

Easily control your ecobee Smart Thermostat Lite | Works with EcoNet Technology on its beautifully designed touchscreen or through your Android or iOS device by downloading the top-rated ecobee app

Smart home integration

Conveniently pairs with Apple HomeKit, Google Assistant, Amazon Alexa and Alarm.com³

Good for the environment

The ecobee Smart Thermostat Lite | Works with EcoNet Technology helps to conserve energy and reduce your carbon footprint

A cleaner community

The built-in eco+ feature automatically adjusts the temperature, allowing you to help your community consume cleaner and more reliable energy while reducing strain on the electrical grid during peak consumption hours

Packaging to feel good about

ecobee uses recyclable materials in packaging to lighten the environmental impact
