HEATING  COOLING  WATER HEATING

Stay cool – even

Innovation you can count on

Patented industry-first features and 360+1 design make the Rheem Endeavor RA16AY a smart choice.

Peace-of-mind performance

Relax, you're covered by one of the best warranties in the industry¹—10 Year Conditional Parts.

Energy savings

Just like a vehicle's MPG, the higher the SEER2 and EER2 rating (Seasonal Energy Efficiency Ratio / Energy Efficiency Ratio), the higher the efficiency of your air conditioner—allowing for energy savings month after month. Keep in mind, other factors such as system matching, sizing, ductwork and installation also affect overall efficiency. By working with a properly trained contractor, you can be confident that you are choosing the best heating and cooling system for your home's comfort and your budget.

Less environmental impact

The 7mm condenser coil reduces refrigerant requirements up to 15%, lowering the amount of greenhouse gases emitted while contributing to Rheem's sustainability goals. A win for all of us.

Durable curb appeal

Curved louvered panels and rugged corner posts provide excellent protection to internal components, while modern cabinet aesthetics, including the corrosion-resistant composite base pan and powder coat paint system, allow your unit to put its best face forward for years to come.

Quiet operation

Efficient home comfort shouldn't be noisy. That's why our air conditioners are designed with acoustics in mind. Integrated sound-dampening features such as refrigerant tubing design, fan blade approach, composite base pan and innovative compressor and drive technologies let you enjoy more efficiency—and less noise.

Sound rating²

30	—	Soft Whisper
40	—	Light Rain
50	—	Refrigerator Hum
60	—	Normal Conversation
70	—	Washing Machine
80	—	Alarm Clock
